Devrite – Homes of Distinction

880A Albany Highway

East Victoria Park WA

Dear Ron and Jay

When I first decided to build a new house I was filled with a mixture of trepidation and excitement. However, as I spoke to friends about their experiences with various project builders, I have to say that my trepidation started to overpower the excitement. This situation was not improved when I began to visit show homes and met with pushy sales people who clearly had little knowledge of the principles of design and construction.

Fortunately, I met a number of people who had either built, or had friends who had built with Devrite. For me this was a revelation! Not one of these people had a negative thing to say, in fact on the contrary, they whole heartedly sang your praises.

I was pointed in the direction of one of your houses that was nearing completion and whilst attempting to take a 'sneak peek', I met Ron and within minutes the excitement started to return and my enthusiasm for building was revitalised. I soon sat down with you both and very quickly realised I had to build with you.

From that point on I never once looked back. Your attention to detail and the passion with which you built my home was exquisite, fastidious and in my experience, without comparison. I felt truly engaged with the build and thoroughly enjoyed the experience. I was saved from the horror stories that plagued my friends and this was undoubtedly due to the quality of the tradespersons, Ron's unrelenting and very particular supervision and the commitment by Jay and the team to foster a personal relationship with me.

I have lived in the house now for four months and my satisfaction with the quality of finish has been reinforced by every single person that has visited.

It is hard to put into words how happy I am with the result, but I would like to take this opportunity to thank you sincerely for your efforts. I invite anyone who is considering building with you to contact me and you should always feel free to tell prospective clients that my house is available should they wish to view your work.

Yours Sincerely

Brendan Kelly
