

DEVRITE HOMES OF DISTINCTION

HOMES OF PRESTIGE

UNCOMPROMISING QUALITY

With a watertable to add to the complexity of the design process, this project was a challenging one. The attention to detail included in this magnificent home by Devrite Homes of Distinction didn't just happen; indeed it was planned every step of the way.

Upon viewing the home, one cannot help but feel the elegance and style which represents the client's individual personality and tastes.

With stunning views of the Canning River and the bank beyond, the home is at its best at night, when the custom-made LED floor lights, subtle mood lighting and a lead crystal chandelier provide beautiful ambient lighting throughout the property. Despite the focus on aesthetics and capturing the serenity of the site, the home is also highly practical. The state-of-the-art kitchen has Blum electronic push-touch cabinet doors and drawers and an island bench with a food preparation area and instant boiled or chilled water at the touch of a button, while a fully equipped natural cedar alfresco area on the top floor terrace provides wonderful river views.

All the materials used on the home were selected for their durable qualities. Requiring little or no lifetime maintenance, the products have been built to last, from the stainless steel screws right through to the Colorbond gutters and downpipes.
