To whom it may concern

We chose to build our house with Devrite and are very pleased we did so. As anyone who has already built or preparing to begin building it is a very stressful time deciding which company is going to do the best for you.

Ron and Jay gave us confidence that they would do their utmost to build us a house we would be proud of and that is exactly what they delivered.

Ron and Jay were totally committed at all times during the building process.

They were both available 24/7 and all concerns and queries were handled immediately with professionalism and dedication.

Ron's personal approach made such difference and we are more than happy to recommend Devrite to anyone considering building their dream home.
