*Hi Jay and Ron*

*After calling in at the office yesterday I could not help but reflect once again on how blessed we are to have you building our home. Your care and attention to detail is far greater than we could have ever hoped for and your willingness to patiently help us through each decision so so much appreciated.*

*Thank you Ron for getting the house locked up. An exciting stage to reach. Cannot wait to see the progress which will be possible now we won't have to spend half our time running to tile and flooring stores. Thank you also to Mark for all his friendly help. It is always a pleasure to call at the office.*

*Looking forward to hearing the reaction of the folk on seeing their new home at Litchfield Street. They must have been thrilled. I can't imagine what that day will be like for us when its all finished.*

*Many thanks to you both.*

*Hello Ron and Jay*

*I have just opened the computer to send you a message and found all your emails and information. You are both amazing!*

*Thanks so much for coming up yesterday and being so generous with your time. We really enjoy and appreciate being able to talk about all these things with you and to get your advice. I cannot believe how different our "building journey" is to the experience of others we know and hear about. I thank God for you both and the way in which we came to know you.*

*Sincere thanks. Kindest regards.*
